## About This Game

### About Golfy Golf

Mark Twain once said “golf is a good walk spoiled” -- but we’re guessing he didn’t mean by yetis, UFOs and giant, bloodthirsty bunny rabbits...

Golfy Golf is a charming new spin on the classic gentleman’s game. Play solo, against the computer, or against a friend. Across six worlds and 120 levels, you’ll pitch and putt your way past menacing enemies and fiendish environmental obstacles in pursuit of par.

### Features:

- A fresh new puzzle-centric approach to golf!
- 3 game modes: solo, vs CPU, vs friend
- 120 fiendish challenges to test your swing and your wit
- 6 different worlds: from the snow-covered arctic to frog-plagued swamps
- Get attacked on the greens by fearsome yetis, bloodthirsty bunnies, and many more!
